Final Report

NAME OF MAIN APPLICANT AND ORGANISATION:

CONTACT DETAILS OF MAIN APPLICANT:

ROLES AND RESPONSIBILITIES OF PROJECT PARTNERS:

Use the table below to list down the main roles and responsibilities of all the participants who were actively involved in this project.

Name	Role	Responsibilities

PROJECT DETAILS

1. Title of Project:

2. Project Overview:

2.1 Main scope of project in brief (Max. 200 words)

2.2 Description of project implementation.

This should be backed up by visual representations capturing key moments in the project development process (kindly send photos separately by email to stemengagement.esplora@esplora.org.mt).

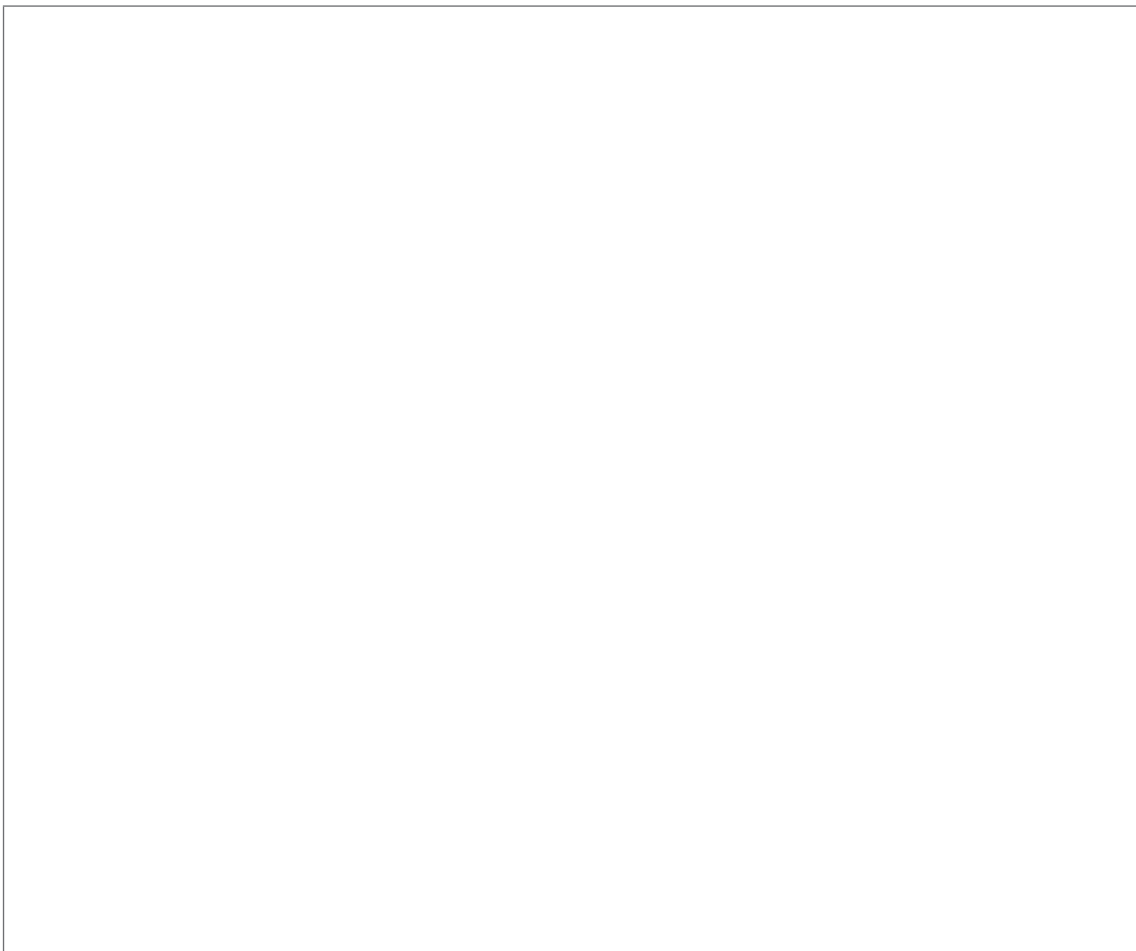

2.3 Was any data collected? Kindly explain method/s of data collection, its analysis and relevance to the project.

2.4 Discuss the project's achieved generic learning and social outcomes and deliverables? You may also refer to any data collection results or provide any proof of your achievements such as photos and images, or links to online videos, social media accounts, articles, etc. Kindly justify any deviations from the previously predicted generic learning outcomes and deliverables outlined in the application form. (Max. 500 words).

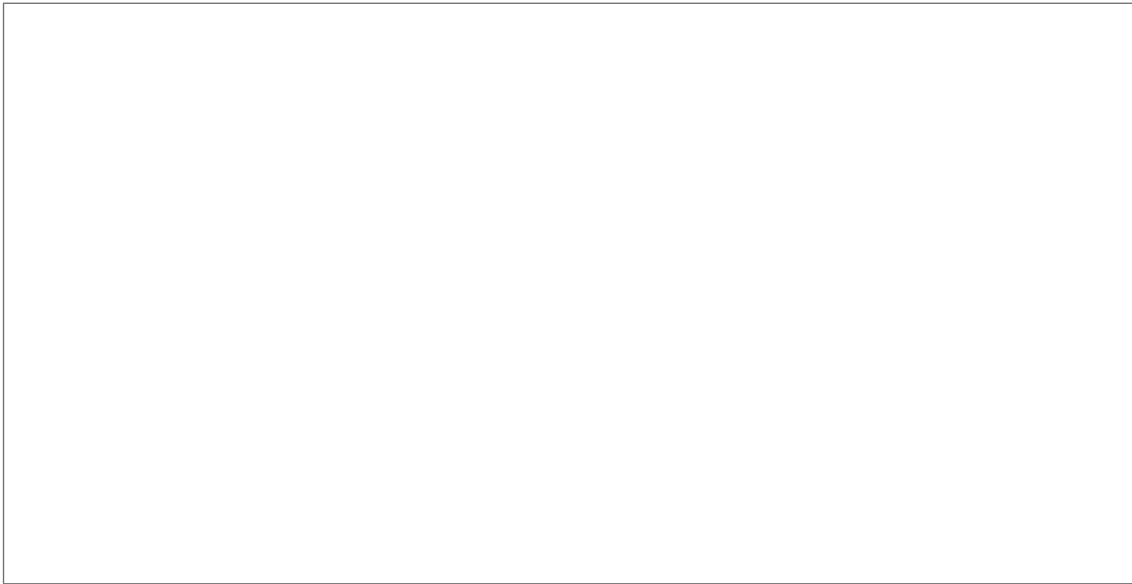

2.5 How else has your project impacted the targeted community? How can this impact be observed?

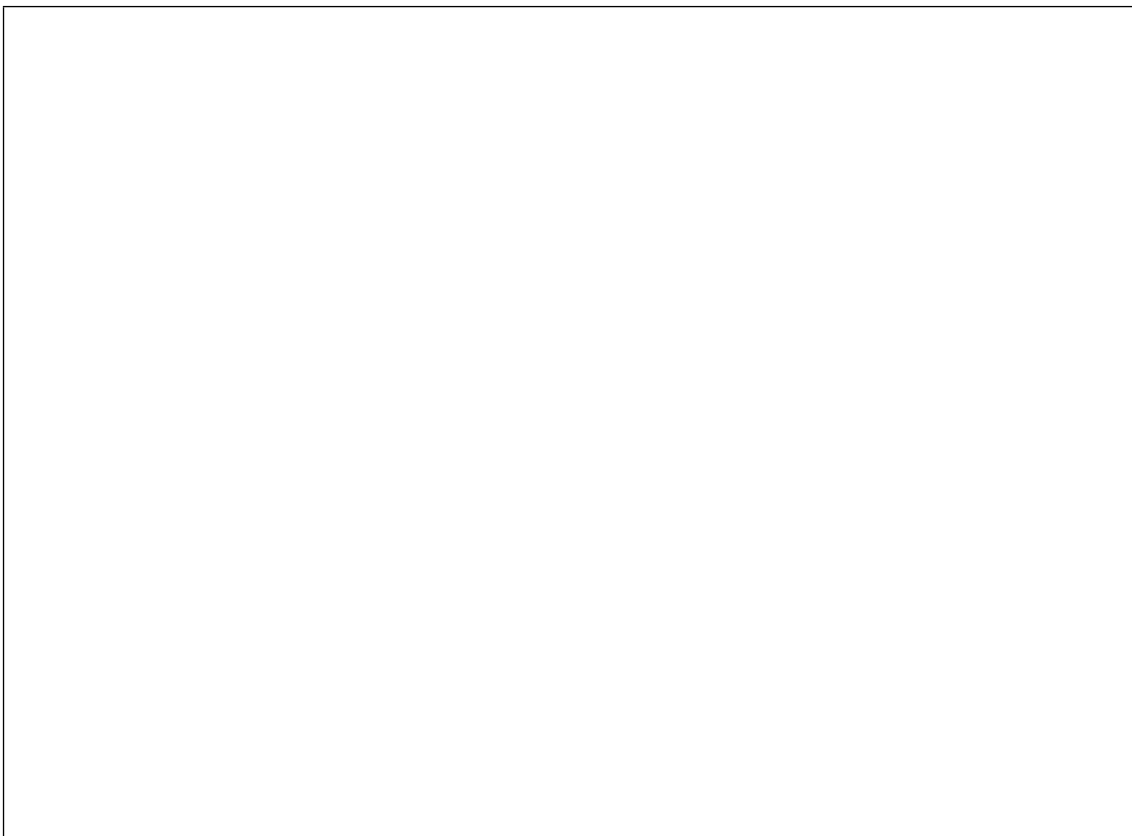

2.6 As part of the legacy of your project, please share your experiences, and your advice for other people who wish to try something similar:

2.6.1 What are some of the challenges and hurdles that you faced, how did you tackle them and is there any advice that you would like to share based on the lessons you learnt? Was anything more difficult than expected?

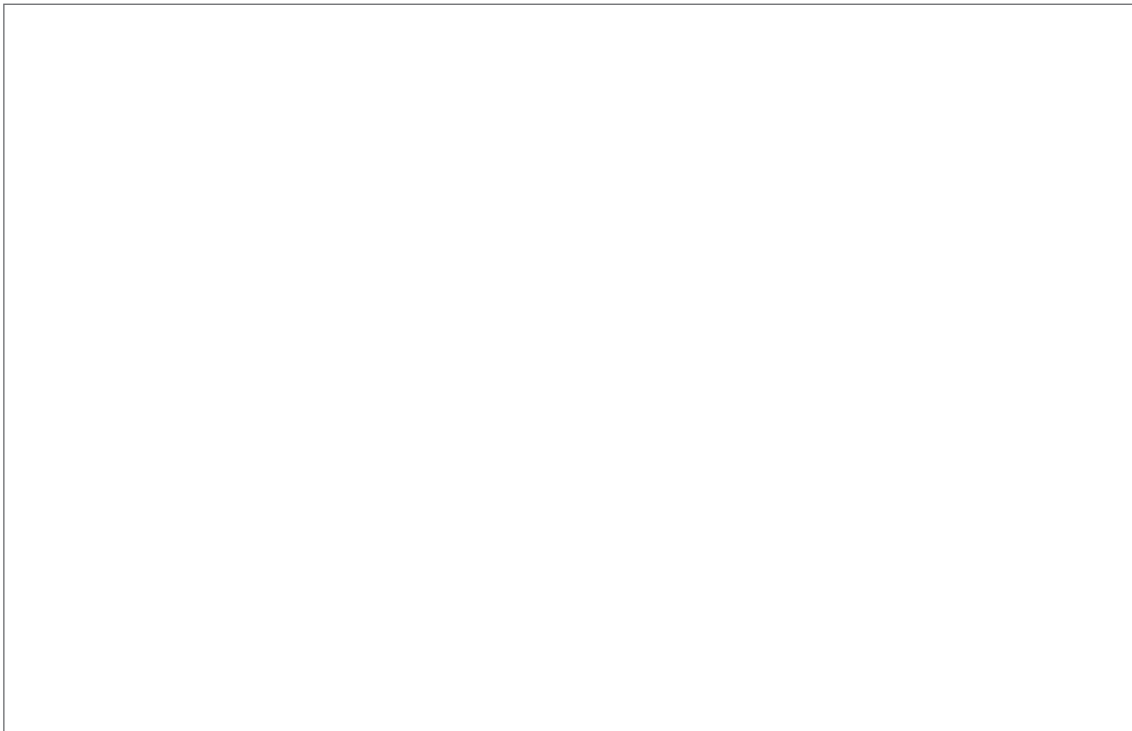

2.6.2 What went really well in your project? Were there any unexpected or surprising benefits that came out of it? What factors or actions were the most helpful?

2.7. Discuss any results obtained or conclusions that you have arrived to at any phase of the project. Were they expected?

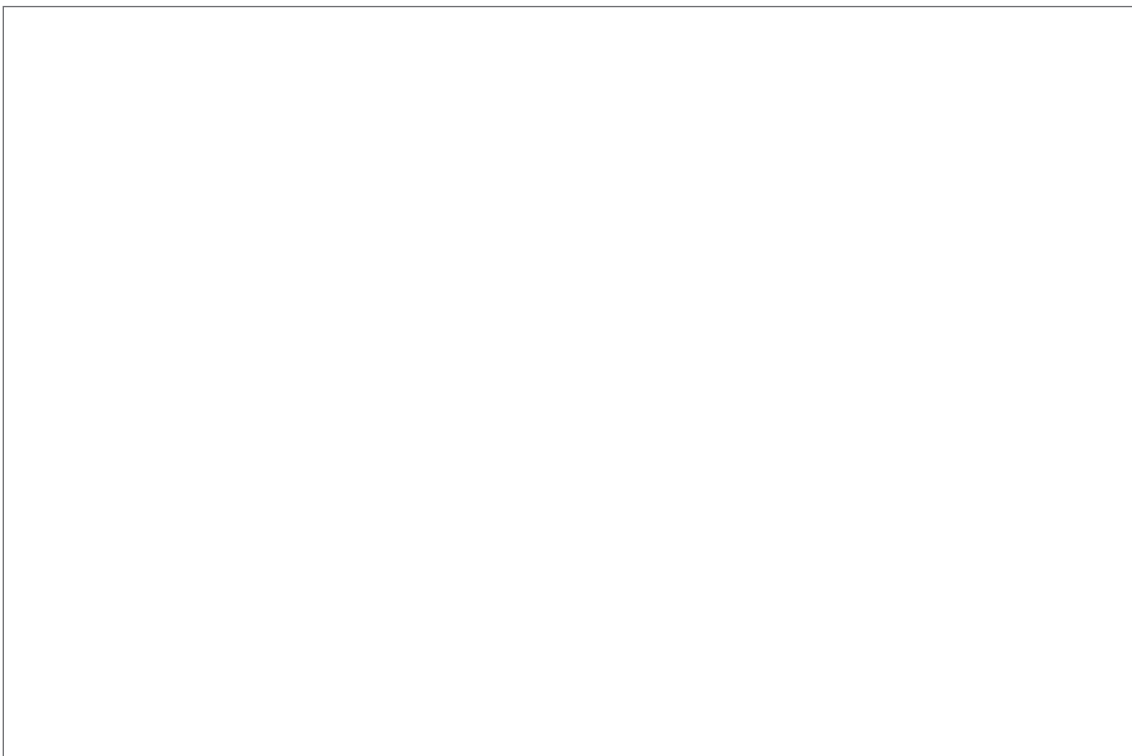

2.8 Discuss how dissemination was carried out and how they will be made available for the future?

2.8 Discuss how dissemination was carried out and how they will be made available for the future?

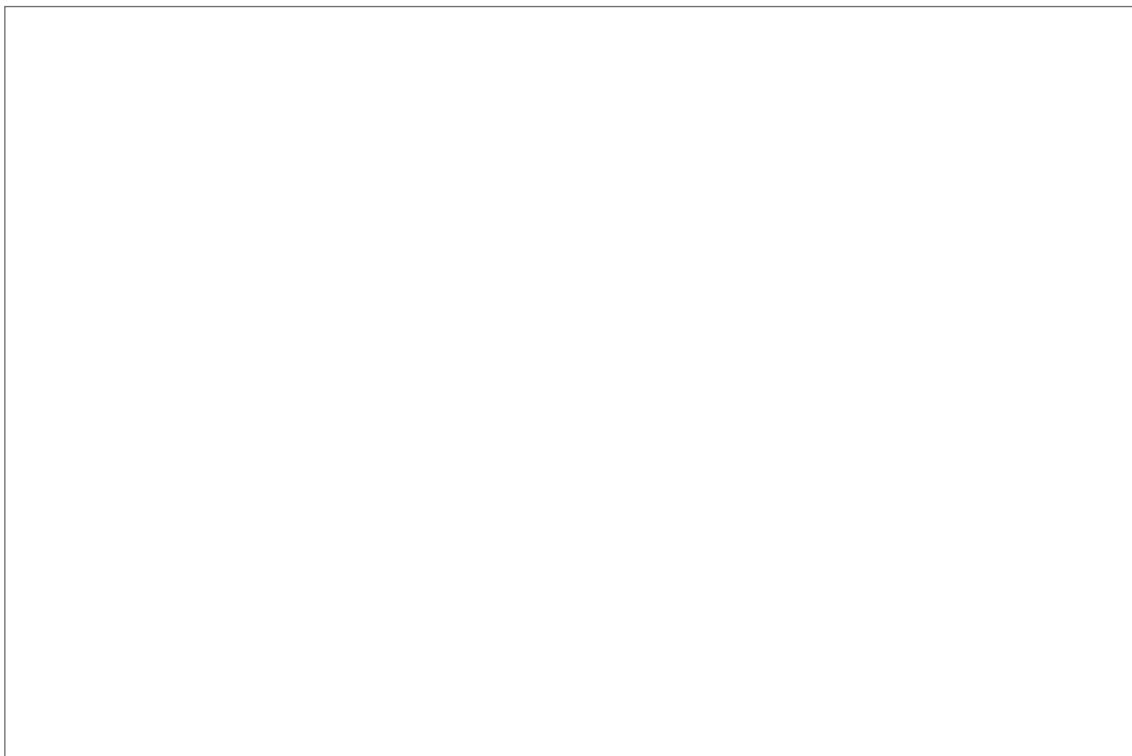

2.9 What are your plans for the project's future including replication of any of the project's deliverables?

2.10 Any other discussions related to the project's legacy which has not yet been outlined in your responses above?

3. Other Comments:

4. Please share any resources you found especially helpful for your project, such as websites, content creators, books, tutorials, courses or videos. Were there any guidelines or frameworks that you followed?

5. Please list any other documents along with a short description of it/how and when it was used etc., which would be useful for the evaluators to have; or which would enrich your project’s legacy. Should a link to the document be available, kindly list it below. Documents may also be attached in the same correspondence as this report and referred to below.

Other additional notes (if applicable)
