

# NEW FILM AT THE PLANETARIUM

- Esplora will have a new film at the Planetarium.

- The name of this film is Magic Globe.

- Esplora has collaborated with the Ministry for Inclusion, Social Wellbeing and Voluntary Organisations and the Commission for the Rights of Persons with Disability to show this film.

- The film can be enjoyed by children between 5 and 12 years.

- The story is about Mia.

- Mia spends her summer vacation at her grandfather's house.

- Her grandfather teaches Mia about the seasons.

- Mia also learns that if you try to change the seasons bad things could happen.

- The film was chosen with the help of the Commission for the Rights of Persons with Disability.

- The Commission chose a group of people to see 5 films.
- Magic Globe was chosen as the favourite film.
- Clayton Cutajar is the Director of Esplora. Clayton said that the film shows how science can be presented by storytelling and a multisensory experience.
- Check the Week Schedule on the Esplora website to see when this film is showing.
