Final Report

NAME OF MAIN APPLICANT AND ORGANISATION:

CONTACT DETAILS OF MAIN APPLICANT:

ROLES AND RESPONSIBILITIES OF PROJECT PARTNERS:

Use the table below to list down the main roles and responsibilities of all the participants who were actively involved in this project.

Name	Role	Responsibilities

PROJECT INFORMATION

1. Title of Project:

2. Main scope of project in brief (Max. 200 words):

PROJECT IMPLEMENTATION

1. Description of project implementation

How did you carry out your project? Please send photos from your project activities to stemengagement.esplora@gov.mt

A large, empty rectangular box with a thin black border, intended for the user to provide a description of their project implementation and upload photos.

2. Data Collection

Did you collect any data? If so, how did you collect and analyse it, and what did you find out? How did this help or support the project?

PROJECT ACHIEVEMENTS

1. Deliverables

Did you succeed in carrying out or completing the deliverables that you planned in your project application? What evidence can you share? If anything went differently than the plan, what happened and why? (Max 300 words). Please include links to any online material, and send any photos or images to stemengagement.esplora@gov.mt

2. Learning outcomes

Did you succeed in achieving the learning outcomes that you planned in your project application, namely the Generic Learning Outcomes and the Social Learning Outcomes? What evidence can you share? (Max 300 words). Feel free to include links to any online material, and send any photos or images to stemengagement.esplora@gov.mt

3. Engagement activities

How did you engage with other people to involve them or to share your project with them, or to spread the word about what you have done? Did you carry out any engagement events, share online or send information or resources to others?

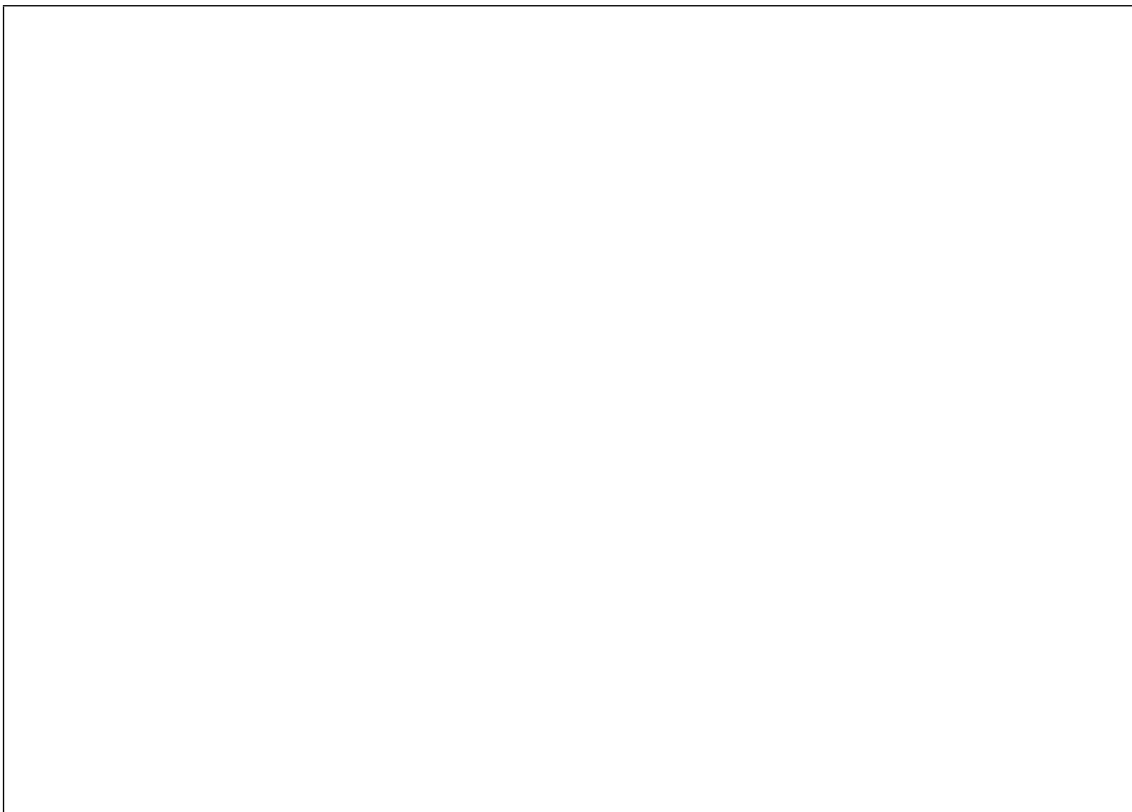

4. Community Impact

Aside from anything already mentioned above, how else has your project impacted the targeted community? How is this effect visible?

5. Results and Conclusions

Did you obtain any results or come to any conclusions during your project? These could be results and conclusions that you did not necessarily plan for, and can be based on your experience rather than your deliverables.

PROJECT EXPERIENCE

1. Challenges and hurdles

What are some of the challenges and hurdles that you faced while carrying out this project? How did you tackle them and is there any advice that you would like to share based on the lessons you learnt? Was anything more difficult than expected?

2. Joys and delights

What went really well in your project? What did you enjoy the most? Were there any unexpected or surprising benefits that came out of your project? What factors or actions were the most helpful?

PROJECT LEGACY

1. Advice for future project leaders

What advice do you have for people who would like to do something similar to your project in the future?

2. Sharing legacy resources

Do you have any legacy resources that you created as part of your project and which could be useful or inspirational for others in the future? For example documents, videos, webinar recordings, workshop session plans, etc. Will you be making these available to others?

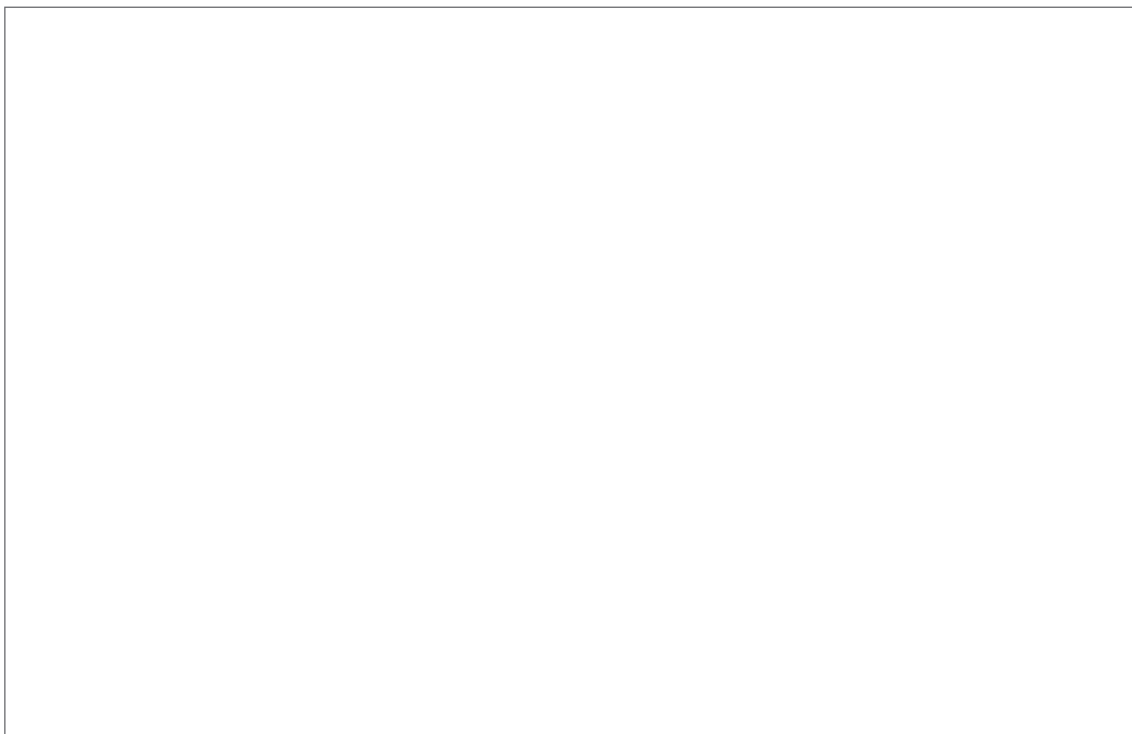

3. Sharing other resources

In order to help others in the future, we are interested to know about any third-party resources that you found especially useful for your project, such as websites, content creators, books tutorials, courses, videos, guidelines or frameworks. How were they helpful, and how did you use them?

4. Future plans

Do you have any plans to carry on this project in the future? Do you plan to repeat any of the deliverables that you created?

FURTHER COMMENTS OR MATERIALS

Is there anything you would like to add, for example regarding your project implementation, results, experience or legacy? Are there any other materials that you would like to mention? (You can include links below, or attach files when you submit this report).
