ENGAGEMENT
WORKING GROUP

Name of Main Applicant AND Organisation:

_____

Contact Details of Main Applicant:

_____

Roles and Responsibilities of Project Partners:

Use the table below to list down the main roles and responsibilities of all the participants who were actively involved in this project.

Name	Role	Responsibilities

PROJECT INFORMATION

1. Title of Project:

---

2. Main scope of project in brief (Max. 200 words):

PROJECT IMPLEMENTATION

3. Description of project implementation

How did you carry out your project? Please send photos from your project activities to stemengagement.esplora@gov.mt

4. Data Collection

Did you collect any data? If so, how did you collect and analyse it, and what did you find out? How did this help or support the project?

PROJECT ACHIEVEMENTS

5. Deliverables

Did you succeed in carrying out or completing the deliverables that you planned in your project application? What evidence can you share? If anything went differently than the plan, what happened and why? (Max 300 words). Please include links to any online material, and send any photos or images to stemengagement.esplora@gov.mt

	Deliverable (from application)	Achievement
Deliverable 1		
Deliverable 2		

6. Results and Conclusions

Did you obtain any results or come to any conclusions during your project? These could be results and conclusions that you did not necessarily plan for and could be based on your experience rather than your deliverables.

PROJECT EXPERIENCE

7. Challenges and triumphs

What are some of the challenges and hurdles that you faced while carrying out this project? How did you tackle them and is there any advice that you would like to share based on the lessons you learnt? Was anything more difficult than expected?

What went really well in your project? What did you enjoy the most? Were there any unexpected or surprising benefits that came out of your project? What factors or actions were the most helpful

8. Sharing legacy resources

Do you have any legacy resources that you created as part of your project and which could be useful or inspirational for others in the future? For example documents, videos, webinar recordings, workshop session plans, etc. How will you be making these available to others?

9. Future plans

Do you have any plans to carry on this project in the future? Do you plan to repeat any of the deliverables that you created?

10. Further comments or materials

Is there anything you would like to add, for example, regarding your project implementation, results, experience or legacy? Are there any other materials that you would like to mention? (You can include links below or attach files when you submit this report)

Also, do you have any feedback for us at Esplora which we could use to make the administration of this fund better and easier?
